This is one of a series of reports presenting the findings of the 1933 Census of American Business. The statistics are based on information collected during 1934 in a field canvass with funds provided by the Federal Civil Works Administration.

The reports are prepared under the supervision of Fred A. Gosnell, Chief Statistician, by William A. Ruff, in charge of Service Establishments, Places of Amusement and Hotels, assisted by Ralph C. Janoschka.

SERVICE ESTABLISHMENTS, PLACES OF AMUSEMENT AND HOTELS: 1933

PLAN OF PRESENTATION

Volume I.--United States Summary, by Kinds of Business and by States.--Contains explanation of terms and classifications, and summary tables showing for the United States as a whole by kinds of business the data developed by the census; also tables presenting State totals.

Volume II.--Statistics by States.--Contains explanation of terms and classifications, and tables for each State showing by kinds of business the number of establishments, receipts, proprietors, full-time and part-time employment, payroll, expenses, employment (by months), and sex of employees.

Volume III.--Statistics for Counties and Cities.--Presents data for counties and cities, by States, for number of establishments, receipts, proprietors, full-time employees, total payroll, and part-time payroll. For each county and city of 2,500 or more inhabitants, totals are shown for three separate groups: Service establishments, places of amusement and hotels. The same data are shown for detailed kind of business classifications for cities of 50,000 inhabitants or over.

Volume IV.--Hotels: 1933 and 1929.--Compares 1933 and 1929 Census data for hotels with 25 guest rooms and more.

SERVICE ESTABLISHMENTS, PLACES OF AMUSEMENT AND HOTELS: 1933

—o—

GENERAL EXPLANATIONS

Scope of the report.---The tables in this report present the findings of the first census of service establishments and places of amusement. Hotels which are also covered in this publication were canvassed for the first time in connection with the 1930 census of distribution, but for that census the canvass was limited to hotels having 25 or more guest rooms.

The classification "service establishments" as used in this report includes places of business performing personal service for the public such as barber shops, beauty parlors, shoe shine parlors, hand laundries and similar establishments; business services such as credit and collection agencies, cartage and trucking establishments, etc.; mechanical repair services such as automobile top and body repair shops, electrical repair shops, watch, clock and jewelry repair shops, blacksmith shops and other classes of shops making mechanical repairs; and miscellaneous services such as window cleaning, storage garages, parking lots, etc. Places of amusement serving the public for revenue such as theatres, amusement parks, shooting galleries, dance halls, etc., are included in this survey. The census also includes both year-round and seasonal hotels. Aside from the kind of business classifications shown in the accompanying tables, more than two hundred other kinds of business were canvassed, the data for which are included in the "other service" or "other amusement" groups. The classifications shown separately represent the more important kind of business groups as measured by volume of receipts and number of establishments.

In many cases, establishments are engaged both in retail trade and service or amusement activities. As a rule such establishments were included in the retail census if more than 50 per cent of the total receipts was derived from the sale of merchandise; and as service establishments or places of amusement if more than 50 per cent of the total receipts was for services or amusements. There are a number of exceptions to this rule which are explained in the definitions of the individual classifications. The most important of these is the group of automobile repair shops, frequently regarded as service establishments. A considerable share of the revenues of such shops accrues from the sale of automobile parts and supplies. They are included in the retail census to maintain comparisons with the 1929 census of distribution.

A number of kinds of business which might reasonably be regarded as service establishments or places of amusement were not included in the canvass. Some were excluded because they are being covered by other adequate statistical series and others were not canvassed on account of the limited funds available to take the census. The more important kinds of business excluded were public utilities, power laundries and cleaning and dyeing plants, transportation companies, financial institutions, real estate companies, insurance companies, construction companies, educational institutions, hospitals and sanitariums, professional and scientific services.

In drawing definite conclusions from the details of the accompanying tables, it should be borne in mind that the irregularities and deficiencies in coverage are more pronounced in certain classifications than in others. The coverage was particularly incomplete for establishments of a seasonal character which were frequently not in operation at the time of the enumerator's visit.

Area and period covered.---The canvass covering the 48 States and the District of Columbia was conducted in the first four months of 1934. The activities of establishments for the calendar year 1933 were reported. Seasonal establishments and new enterprises reported for that part of the year during which they were in active operation.

EXPLANATION OF TERMS

Establishments.---Only those service and amusement enterprises having a recognized place of business are considered establishments; and such establishments, to be so classified, must be engaged primarily in providing service or amusement. Each unit of a chain is considered a separate establishment. Service and amusement concessions, operated independently in connection with other businesses, are classified as separate establishments. An individual's residence was considered a place of business if a sign indicated that the occupant was engaged in a service business.

Receipts.---Receipts represent total revenue of the establishment less refunds for returned merchandise. Receipts were reported in answer to the following inquiries:

(a) Receipts from sale of merchandise (deduct returned sales).
(b) Receipts from service sales, parking, storage, repairs, cartage, cleaning, etc.
(c) Receipts from room rentals (hotels, auto camps, etc.).
(d) Receipts from sale of meals (and from fountain).
(e) Receipts from admissions (theatres and other places of amusement, athletic contests, dance halls, billiard halls, bowling alleys, etc.).
(f) Receipts from other sources (specify sources).
(g) Total net sales or operating receipts (total from "a" to "f").

Tables analyzing receipts as classified above will be presented in another report.

Proprietors.---The enumerators were instructed to include as proprietors all owners of unincorporated establishments and adult members of their families who were actively employed in, and devoting the major part of their time to, the business. Inactive proprietors or partners were not included. Inquiry concerning proprietors did not relate to incorporated establishments. Salaried officers of incorporated companies were considered full-time employees and not proprietors.

Average Number of Employees.---The average number of full-time employees for the year represents a total of the reported full-time employment (payroll nearest the 15th of each month), for the twelve months of 1933, divided by twelve. Average part-time employment is computed in the same manner. However, in drawing conclusions concerning part-time compensation, it should be remembered that part-time employment for the individual employee may vary from one hour to any part of a week which would not normally constitute full-time employment. Employees include salaried officers of corporations, other executives, salesmen, clerks, operatives, etc.

Full-time Employees.---Employees working a full day each day the establishment is open for business, even if this represents less than a full working week or month, are reported full-time employees. This principle is followed with reference to each payroll period for which information was obtained. Therefore, persons employed on a full-time basis for only part of the year are regarded as full-time employees for that part of the year. Employees working on a full-time basis in seasonal establishments are also treated as full-time employees.

Part-time Employees.---Persons employed only a few hours or days of the normal work-week or other payroll period are considered part-time employees. It is possible, however, that this definition was not followed uniformly by all reporting establishments as the average annual wage for part-time employees in some instances appears to be higher than would be justified on the basis of this definition.

Sex of Employees.---A distribution by sex of the combined number of full-time and part-time employees on December 30, 1933, or nearest representative day, was required of each establishment. The ratio resulting from this inquiry was used as a basis for computing the sex distribution of the average number of employees.

Payroll.---Total payroll represents the salaries, wages, commissions and bonuses paid part-time and full-time employees and salaried officers during the year. It does not include compensation of proprietors except the fixed salary of active partners if such salary is paid in addition to the partners' participation in profits. Such salaried partners, found predominantly in large businesses, are comparable to salaried executives of a corporation and are counted as employees rather than proprietors. Payroll figures are not shown in the tables when the total for a given classification is less than $500.

Average Annual Earnings.---This average is obtained by dividing the full-time payroll by the average number of full-time employees. No average for part-time employees has been computed because the irregularity in the number of days or hours which various part-time employees work makes such an average of doubtful value.

Average annual earnings for classifications having less than ten full-time employees are not shown as the number of employees in such cases is too small to yield a representative average.

Total Operating Expenses.---Payroll, rent, interest, traveling expenses, advertising, taxes, insurance, light, heat, power and similar expenses are included in total operating expenses. Cost of merchandise, as distinct from that of materials and supplies, is not included.

DEFINITIONS OF CLASSIFICATIONS

PERSONAL SERVICES

BARBER SHOPS.---This classification covers all barber shops with the exception of those operated as a part of some other type of establishment or institution such as a retail store, hotel, club, etc. Barber shop concessions operated independently in other establishments are included in this classification. Barber colleges and barber shop concessions on trains and steamships were not included in the census. The receipts reported include revenue from other services rendered in barber shops such as shoe shining and manicuring and from the sale of small quantities of merchandise. Employees in these establishments include those engaged on a straight salary as well as on a percentage commission basis.

BATHS (Turkish, etc.).---Turkish and other health and weight-reducing baths operated as separate establishments are included in this classification. On account of incomplete coverage, this classification is not shown separately in all State and United States summary tables.

BEAUTY PARLORS.---All beauty parlors operated as separate businesses are included, but the classification does not include beauty parlors operated by department stores, women's ready-to-wear stores, or incidentally as an adjunct to any other business. Beauty parlors operated as concessions in retail stores are included as they are separate businesses. Receipts from the incidental sale of cosmetics and hair goods are included. Schools for the instruction of beauty parlor operators were considered beauty parlors if such schools make a charge for the services performed by the students. Establishments engaged essentially in retailing cosmetics, though rendering beauty parlor service as well, are included in the census of retail trade.

CLEANING, DYEING, PRESSING, ALTERATION AND REPAIR SHOPS.---This classification includes several classes of closely related businesses, each of which derives the larger portion of its revenues from cleaning, dyeing, pressing and repairing men's and women's garments including hats. These establishments are variously known as cleaning and pressing shops, valet shops, the small tailor shop which derives most of its income from cleaning, pressing and altering clothing, and so-called cleaning and dyeing agencies, operated as retail branches by the larger cleaning and dyeing plants. Many of the establishments in this classification also act as agencies for commercial laundries. The commercial type of cleaning and dyeing plant is not included in the census of service establishments. This industry is canvassed every two years in connection with the biennial census of manufactures. Custom tailors who derive the greater part of their income from making clothing to order are included as retail establishments in the retail census even though part of their income may come from cleaning and pressing and alteration work. The receipts as reported by all establishments in this classification represent the total intake from customers and not merely the commissions received from the commercial cleaning and dyeing plants for which they act as agents.

COSTUME RENTAL AGENCIES.---Establishments, other than retail stores, engaged principally in the rental of costumes and other accessories for theatricals, costume balls, etc., are covered by this classification. Such establishments frequently reported small amounts of merchandise sales which are included in the receipts.

FUNERAL DIRECTORS AND EMBALMERS.---Undertaking, particularly in rural areas, was frequently reported in connection with retail furniture establishments. such establishments were included in the census of retail trade and their revenues from undertaking services are not, therefore, included in the receipts of "Funeral Directors and Embalmers". These receipts include sales of caskets and burial clothing.

FUR REPAIR AND STORAGE SHOPS.---Fur repairing and storage are services performed, for the most part, by retail furriers which are included in the retail census. This classification includes only those establishments engaged solely in fur repairing and storage and those whose retail sales comprise less than one-third of their total receipts.

LAUNDRY AGENCIES.---Many of the larger commercial laundries operate branches for the purpose of receiving and delivering laundry. The enumerators were instructed to consider these branches as separate places of business and were directed to secure reports for this class of establishments. However, the enumerators were frequently unable to secure reports for such branches as the commercial laundry maintained only one set of books and did not keep a record of business done through the individual branches. For this reason, data for laundry agencies are not shown separately but are included under the classification "Other Personal Services".

LAUNDRIES, HAND (Not including commercial laundries).---This classification includes all classes of laundries other than power laundries canvassed biennially as part of the census of manufactures. Chinese and French hand laundries are included. Small power equipment is sometimes used for certain kinds of work, but the majority of the work is done by hand.

PHOTOGRAPHIC STUDIOS.---Receipts of some of the establishments covered by this classification include merchandise sales, presumably picture frames. The revenue from photography is considered to be for service and not from the sale of pictures. Studios operated as departments of retail stores are not included in this classification.

SHOE REPAIR SHOPS.---The shops included in this classification are engaged principally in the repair of footwear, but in many cases they also do shoe shining. "Valet Shops" and "Harness, Leather and Shoe Repair Shops" also do shoe repairing but are classified separately. Shoe repair shops operated as departments of retail stores are not included in this classification.

SHOE SHINE PARLORS (Including hat cleaning).---Shoe-shining departments of retail or other service establishments are not included. Establishments engaged solely in hat cleaning are included in the classification "Cleaning, Dyeing, Pressing, Alteration and Repair Shops".

OTHER PERSONAL SERVICES.---Under this classification have been grouped a number of kinds of business which, for various reasons, are not shown separately. In some instances, the kind of business was unimportant both in number of establishments and total receipts. Some kinds of business were not completely canvassed by the enumerators and it was not thought advisable to show data for these separately. The following are some of the more important kinds of business included in "Other Personal Services":

Baths (Turkish, etc.)
Hosiery repair shops
Laundry agencies
Locker service and rentals
Millinery repair shops
Physical culture schools and gymnasiums
Shoe dyeing shops
Textile weaving and mending shops
Tie renovating shops

BUSINESS SERVICES

ADJUSTMENT AND CREDIT BUREAUS, AND COLLECTION AGENCIES.---Mercantile and consumer credit reporting bureaus and privately operated collection agencies are included in this classification. This classification does not include cooperative organizations operating on a non-profit basis, nor organizations operated by trade associations. Receipts, as a rule, represent only charges for services, but in some cases the individual reports may include total collections.

ADVERTISING AGENCIES AND BILLBOARD ADVERTISING AGENCIES.---Establishments operated as separate businesses and commonly known as advertising agencies and billboard advertising agencies are included in this group. Advertising departments of newspapers, magazines, job printing establishments and other business enterprises are not included. Receipts of some advertising agencies include charges for space in newspapers and periodicals for advertisements carried for their clients, whereas in other cases the receipts represent only charges for services, the clients paying the charges of the advertising medium direct. Inasmuch as both business procedures are employed by advertising agencies, it was impossible to secure reports of receipts on a uniform basis. Billboard advertising agencies are chiefly engaged in presenting poster displays (principally outdoor) on their own or rented sign boards. The receipts of these agencies include rentals for space on display boards and revenues from other services.

BLUEPRINTING AND PHOTOSTAT LABORATORIES.---Laboratories engaged principally in the reproduction of plans and maps and other copy by blueprinting or photostating are included in this classification.

BROADCASTING STATIONS.---Commercial broadcasting stations engaged principally in the transmission of programs for public entertainment, usually for purposes of advertising are the only stations included. Employees of broadcasting stations do not include artists paid by sponsors of programs. Receipts of stations include income derived from the sale of time of artists carried on the station's payroll. Coverage of this kind of business is not entirely complete in some States; in those States and in the United States Summary tables it has not been shown separately.

CARTAGE AND TRUCKING ESTABLISHMENTS.---Local cartage and trucking operators with established offices or places of business engaged principally in local hauling for hire are included in this classification. Frequently a truck owner engaged in the cartage and trucking business from his residence; operators of this kind are not included as the census was confined to enterprises with established places of business which could be identified readily by the enumerator when canvassing. The so-called long-distance truck transportation companies are not included in the census. Establishments engaged primarily in warehousing and storage frequently do considerable trucking; they are classified, however, as "Storage Warehouses". Freight forwarders and custom house brokers are included in the classification "Other Business Services".

DELIVERY SERVICE.---Establishments primarily engaged in the local delivery of parcels for retail stores which maintain no such service of their own are included in this classification. It also includes local messenger services.

DENTAL LABORATORIES.---The classification includes all laboratories engaged in the manufacture of plates, bridges, inlays, etc., for the dental profession.

DUPLICATING, ADDRESSING AND MAILING SERVICE.---Establishments engaged principally in mimeograph, multigraph, rotaprint, multilith, planograph work, addressograph, stenographic, typewriting and mailing services are included. Job printing plants which frequently do the same classes of work are not included but are covered by the biennial census of manufactures.

LINEN SUPPLY SERVICE.---Establishments in this classification supply uniforms, aprons, table-cloths, towels, etc., to restaurants, barber and beauty shops, offices and other establishments, and collect, launder and deliver these at regular intervals. When the service is conducted as a separate business, it is included in this classification. The same class of service is frequently carried on by commercial laundries, the data for which are included in the reports of the biennial census of manufactures.

PHOTO FINISHING LABORATORIES.---These laboratories are engaged primarily in the developing of films and in photoprinting and enlarging for commercial and amateur photographers. Stores which sell photographic apparatus and materials and also act as agencies for photo finishing laboratories are included in the retail census. Photographic studios are included in a separate classification.

SIGN PAINTING SHOPS.---This classification includes only shops engaged primarily in sign painting. Stores selling signs, paints, painters' supplies, etc., but which may also paint signs are included in the retail census. Employees of sign painting shops include also those engaged in delivering and placing those signs in proper position.

STORAGE WAREHOUSES.---Both the commercial warehouse employed for the storage of merchandise and the establishment engaged in storing household effects for the individual are included. Some warehouse companies are engaged in buying and selling merchandise on their own account. Warehouses of this kind are considered wholesale establishments and are included in reports of the census of wholesale distribution. Cold storage plants or warehouses are not included. The coverage of this kind of business is incomplete in some States.

OTHER BUSINESS SERVICES.---The following are some of the more important kinds of business included in this classification:

Armored car service
Barrel and steel drum cleaning
Bottle exchanges
Broadcasting stations
Correct time service
Freight forwarders and custom-house brokers
Office equipment rental service
Patrol and watch service
Precooling and icing cars
Public address systems
Public scales and weighing service
Pushcart rental service
Signal protection service
Speakers' bureaus
Stevedoring companies
Theatre ticket agents and brokers
Theatrical booking agents
Theatrical equipment rental service
Window display service

MECHANICAL REPAIR SERVICES

ARMATURE REWINDING SHOPS.---Shops included in this classification are engaged primarily in the rewinding of armatures and repair of motors. Some establishments doing armature rewinding are primarily engaged in the wholesaling or retailing of electrical goods and are accordingly included in the wholesale or retail census. Coverage of this kind of business is not entirely complete in some States; in those States and in the United States Summary tables it has not been shown separately.

AUTOMOBILE BRAKE REPAIR, RELINING AND ADJUSTMENT SHOPS
AUTOMOBILE PAINT SHOPS
AUTOMOBILE RADIATOR SHOPS
AUTOMOBILE TOP AND BODY REPAIR SHOPS.---The establishments covered by each of these four classifications are engaged chiefly in the particular service under which they are classified. Establishments rendering any of the above specialized services in connection with general automobile repairs are classified as automobile repair shops and are included in the retail census. Some of the establishments in these classifications were included as retail stores in the 1929 census of distribution.

BICYCLE REPAIR SHOPS.---Establishments reporting sales of merchandise amounting to one-third or more of their total receipts are included in the retail census. This classification is unimportant in both number of establishments and total receipts in most States and, for this reason, is usually included as "Other Business Services".

BLACKSMITH SHOPS.---Blacksmith shops frequently reported small amounts of sales of farm equipment and gasoline. If the major part of their receipts were from such sales, they were classified as retail establishments. Shops operated as departments of manufacturing establishments are not included in this classification.

CABINETMAKER AND CARPENTER REPAIR SHOPS.---Only those establishments primarily engaged in repair work are included.

ELECTRICAL REPAIR SHOPS.---This classification includes in the main, small shops engaged in repairing electrical appliances in which the sale of electrical equipment and supplies represent a minor part of total receipts. It does not cover electrical contractors nor Neon sign repair service. Electrical repair shops that reported merchandise sales amounting to one-third or more of their total receipts are included in the retail census.

ELEVATOR SERVICE (REPAIR).---Establishments engaged in the maintenance and repair of elevators in office buildings, apartment houses and other buildings are included in this classification.

HARNESS, LEATHER AND SHOE REPAIR SHOPS.---Establishments engaged in such repairs whose retail sales amount to one-third or more of their total receipts are included in the retail census.

LOCKSMITH AND GUNSMITH SHOPS.---This classification includes all locksmith and gunsmith shops with service receipts in excess of sales of merchandise. Shops with merchandise receipts in excess of service receipts are treated as retail stores.

MACHINE SHOPS (Under $5,000 annual receipts).---This classification covers small machine shops with annual receipts of less than $5,000 in 1933. Machine shops with receipts of more than $5,000 are covered by the biennial census of manufactures. The classification is not shown separately in some States and in the United States Summary tables on account of incomplete coverage.

MATTRESS RENOVATING AND REPAIR SHOPS.---This service is frequently rendered by retail dealers in mattresses who are included in the retail census, and by mattress manufacturers who are covered by the biennial census of manufactures. This classification includes only the small shop which is almost exclusively engaged in renovating and repairing.

PLUMBING AND HEATING REPAIR SHOPS
RADIO REPAIR SHOPS
REFRIGERATOR SERVICE AND REPAIR SHOPS
STOVE, FURNACE AND BOILER REPAIR SERVICE.---These four classifications include the small shop engaged almost exclusively in the designated kind of service or repair work. Merchandise sales represent a small part of the total receipts of some of these shops; if merchandise sales amounted to one-third or more of the total receipts, the report was included in the retail census. Some of the establishments in these classifications were included as retail stores in the 1929 census of distribution.

SAW AND TOOL SHARPENING SERVICES.---Establishments engaged primarily in sharpening saws and tools are included in this classification. This classification is shown separately for the United States, but is included in "Other Mechanical Repair" services in State tables.

TINSMITH, SHEET METAL AND ROOFING REPAIR SHOPS.---This classification includes the small shop engaged in sheet-metal work. It does not include sheet-metal shops which manufactured, from tin and sheet-metal, articles with an aggregate value of $5,000 or more during the calendar year 1933. Shops with manufactured products to this amount are considered manufacturing establishments and are included in the biennial census of manufactures.

TIRE REPAIR SHOPS
TYPEWRITER REPAIR SHOPS
UPHOLSTERY AND FURNITURE REPAIR SHOPS
WATCH, CLOCK AND JEWELRY REPAIR SHOPS.---These five classifications include chiefly small shops engaged almost wholly in repair work of the kind indicated. If a repair shop reported sales of merchandise to the amount of one-third of its total receipts, the shop was treated as a retail store and included in the retail census. Some of the establishments in these classifications were canvassed as retail stores in the 1929 census of distribution.

WELDING SHOPS.---This classification covers small welding shops usually having receipts of less than $5,000. The larger welding shops are considered manufacturing plants and are included in the biennial census of manufactures. Machine shops equipped to do welding are not included in this classification.

OTHER MECHANICAL REPAIR SERVICES.---Under this classification have been grouped a larre number of classes of specialized repair shops for which separate totals could not be published. As a rule, the shops are small and are engaged almost exclusively in the repair of a special class of equipment. Shops doing repair work of this kind frequently sell, without installing, parts and other merchandise. Shops with merchandise sales amounting to one-third

of total receipts were treated as retail stores and are included in the retail census. The following are the principal kinds of business grouped under this classification:

Artificial limb repair shops
Bicycle repair shops
Cash register repair shops
Cylinder grinding shops
Fire sprinkler repair shops
Lawnmower repair shops
Motorcycle repair shops
Musical instrument repair shops
Office equipment repair shops
Oil burner service and repair shops
Oil well machinery repair shops
Piano tuning and repair service
Safe and vault repair shops
Scale repair shops
Sewing machine repair shops
Taxi meter repair shops
Umbrella repair shops
Windmill, pump and well repair service
Washing machine repair shops

MISCELLANEOUS SERVICE

AUTOMOBILE LAUNDRIES
AUTOMOBILE RENTAL SERVICE
GARAGES (STORAGE)
PARKING LOTS.---The establishments covered by each of the above four classifications are engaged primarily in the particular service under which they are classified. Establishments rendering any of the above specialized services in connection with general automobile repair work are classified as repair garages and are included in the retail census. Parking lots and storage garages were included in the 1929 retail census in the classification "Parking Stations; Parking Lots; and Lots". Warehouses used for the dead storage of automobiles are not included in the 1933 census.

AVIATION FIELD SERVICE (Not including air lines).---Air transport lines are not included in this classification, nor are municipal airports. The classification covers only privately operated airports and flying fields supplying the services which are necessary to the airplane pilot and the maintenance and operation of his plane. Plane servicing, storage and rentals, charter flying and flying instruction are the more important services performed by the establishments in this classification. Retail concessions at airports are included in the retail census. The coverage of this kind of business is not complete in all States; in those States and in the United States Summary tables it has not been shown separately.

DISINFECTANT AND EXTERMINATING SERVICE.---Establishments engaged in the extermination of insects, rodents, germs and parasites, from buildings, bedding, furniture and clothing are covered by this group.

EMPLOYMENT AGENCIES.---Government operated agencies are not included in this classification, nor are agencies operated in connection with schools, welfare institutions, professional associations or trade unions.

GRIST MILLS.---This classification includes the small custom mill usually grinding grain on toll for local consumption; such mills are not covered in the biennial census of manufactures. The classification is not shown separately for all States or in the United States Summary tables, as in some sections the coverage was not complete.

HEMSTITCHING, EMBROIDERING AND BUTTONHOLING SHOPS.--The classification includes only shops specializing in this kind of work on a custom basis. Hemstitching, embroidering and buttonholding departments of retail stores are not included in this classification.

TOURIST CAMPS.---This classification includes only camps at which the greater part of the receipts are derived from service charges for camping or lodging privileges. Many tourist camps are operated by filling stations, automobile repair shops and other establishments selling merchandise. In cases where the greater part of the total receipts is derived from the sale of merchandise, the reports were included in the retail census.

WINDOW CLEANING SERVICE.---Establishments in this classification are engaged in cleaning windows in office buildings, apartment houses and other classes of buildings.

OTHER MISCELLANEOUS SERVICES.---The following are the principal kinds of business grouped under the classification "Other Miscellaneous Services":

Aviation field service
Beach chair service
China repair service
Doll repair service
Fountain pen repair service
Grist mills
Landscape gardening and tree surgery
Livery stables
Rolling chair rental service
Rug cleaning (under $5,000.)
Sand blasting service
Scavenger service
Taxidermists
Threshing, corn-shelling, hay-baling and other agricultural services
Vacuum cleaning service
Window shade repair service

PLACES OF AMUSEMENT

AMUSEMENT PARKS.---Amusement parks providing amusement devices for use of the general public upon payment of an admission fee are included, but the classification does not include parks or picnic grounds maintained by governmental bodies and available for occasional rental. The canvass of amusement parks was not complete as the parks were frequently not in operation at the time of the enumerator's visit. For this reason, the classification is not shown separately in all States and in the United States Summary tables.

AMUSEMENT SERVICE CONCESSIONS.---Individual amusement enterprises operated on a concession basis in commercial or public amusement parks, beaches, playgrounds, etc., are included under this classification. It does not include merchandising concessions or restaurants in such parks; these are covered by the retail census. On account of incomplete coverage, the classification is not shown separately in all States and in the United States Summary tables.

ATHLETIC FIELDS (Ball parks, stadiums, etc.).---The classification includes only fields or stadiums operated on a commercial basis as amusement enterprises by the individuals or corporations submitting the reports. Fields or stadiums customarily rented on a fixed fee or rental basis to promoters of football games, baseball games, wrestling or boxing matches, etc., are not included, as such enterprises are considered to be in the field of real estate rental. The report of the amusement promoter, however, is included under its respective classification or under "Other Amusements". On account of the seasonal character of many of these enterprises the canvass of athletic fields or stadiums was not complete and the classification is shown separately in only a few States.

BATHING BEACHES.---Bathing beaches owned and operated on a commercial basis are included. The classification does not include municipal beaches. The receipts include admissions, bathing suit rentals and all other income.

BILLIARD AND POOL PARLORS, AND BOWLING ALLEYS.---This classification includes all billiard and pool parlors, and bowling alleys when the major part of the receipts of the establishment is derived from these amusements. Frequently billiard and pool parlors, and bowling alleys are operated in conjunction with cigar stores, soft drink establishments, and other kinds of retail stores. Such establishments are included in this classification when merchandise sales aggregate less than 50 per cent of total receipts and are included in the retail census when merchandise sales are in excess of 50 per cent of total receipts.

DANCE HALLS.---This classification includes public dance halls operated on a commercial basis as amusement enterprises. Halls which are rented for occasional dances by fraternal and other organizations and for private dances are not included, nor does the classification include dancing academies and schools.

SKATING RINKS.---This classification includes all commercially operated ice and roller-skating rinks.

THEATRES, LEGITIMATE AND OPERA.---This classification does not include theatre buildings, customarily rented for amusement purposes, but only those theatres whether owned or leased, which actually receive revenues from admissions to legitimate or opera productions. Ownership of theatre buildings and their rental to theatrical producers is treated as a real estate activity. Road productions, operated from their own established offices, are included under "Other Amusements".

THEATRES, MOTION PICTURE AND MOTION PICTURE, AND VAUDEVILLE.---These classifications include commercially operated motion picture theatres and combined motion picture and vaudeville theatres. Motion pictures are frequently shown in club, hotel, fraternal, and municipal halls and auditoriums. Activities of this kind are not included in the census. Theatres which were not used for motion picture exhibition purposes in 1933 are not, of course, included, the census being confined to active theatres.

OTHER AMUSEMENTS.---Under this classification have been grouped a number of amusement enterprises either unimportant in number and total receipts or incompletely canvassed by the enumerators, due to the seasonal character of the business, or to misunderstanding of instructions. Some of the more important of these are shown separately in the tables for certain States where the canvass appeared to be complete. The principal kinds of amusement enterprises included under the classification "Other Amusements" are as follows:

- Amusement parks
- Amusement service concessions
- Aquariums (privately operated)
- Athletic fields
- Bathing beaches
- Boat and canoe hiring concessions
- Boxing and wrestling arenas
- Carnivals
- Caverns and national wonders
- Circulating libraries (commercially operated)
- Miniature golf
- Museums (privately operated)
- Observation floors and towers
- Orchestras, bands and symphonies
- Race tracks
- Riding academies
- Rodeos and round-ups
- Shooting galleries
- Swimming pools (commercially operated)
- Theatrical producers and stock companies

Circuses
Domino parlors
Fairs and expositions (commercially operated)
Horse shows
Walkathons and dance marathons
Zoos, alligator farms, snake farms and ostrich farms (privately operated)

HOTELS

The census includes in the main establishments designated under the law of the several States as hotels. It does not cover boarding houses, lodging houses, tourist homes, Y.M.-C.A.'s, Y.W.C.A.'s, dude ranches, club dormitories and similar establishments which furnish lodging and meals to guests. So-called apartment hotels are included, provided a substantial part of their receipts are from transient guests. The coverage of seasonal hotels was probably incomplete, as many of these hotels were closed at the time of the enumeration, although they may have been open during some part of 1933. The data for hotels are shown for the following classifications:

YEAR ROUND HOTELS.---All hotels which were in operation at least nine months in 1933 are included in this classification.

SEASONAL HOTELS.---Hotels which normally operate less than nine months of the year are considered seasonal hotels.

AMERICAN PLAN HOTELS.---Hotels charging a combined fixed rate for rooms and meals are covered by this classification.

EUROPEAN PLAN HOTELS.---This classification includes hotels which make separate charges for rooms and meals.

MIXED PLAN HOTELS (AMERICAN AND EUROPEAN).---Some hotels operate on both the American and European plans and these are classified as "Mixed Plan Hotels".
